Samed Bilgin, Full Stack Developer

Antalya, Turkey | 05530298210 | samedbilgin32@gmail.com

EMPLOYMENT HISTORY

Full Stack Developer, Alternet Yazılım

Jul 2024 — Present

• Developed and maintained backend services using ASP.NET Core and C#.

• Designed and implemented RESTful APIs for product management, shopping cart, and user authentication modules.

• Participated in the development of a full-featured e-commerce web application from scratch.

• Worked closely with frontend developers to ensure smooth API integrations using JSON and HTTP protocols.

• Utilized Entity Framework for database operations and wrote LINQ queries for efficient data handling.

• Took part in sprint planning and daily stand-up meetings within an Agile development team.

Core Skills

- .NET Core / ASP.NET MVC / C#
- React.js / JavaScript / TypeScript
- RESTful API Development
- Entity Framework / LINQ
- SQL Server / PostgreSQL
- HTML5 / CSS3 / Bootstrap / Tailwind
- Git / GitHub / CI-CD Pipelines
- Agile / Scrum Methodologies

Backend Developer Intern, Polo Plus

Mar 2024 — May 2025

• Performed fabric quality inspections and supported documentation of defects according to production standards.

• Assisted in preparing daily and weekly quality control reports for supervisors and quality engineers.

• Gained practical experience in quality assurance procedures and inventory tracking.

• Additionally contributed to the development of a simple .NET-based internal application to streamline report entry processes.

EDUCATION

Computer Engineering, Pamukkale University

Sep 2021 — May 2025

• Currently enrolled in a Bachelor's program in Computer Engineering with a GPA of 3.25, expected to graduate within three years.
